

Diagnostic and Therapeutic Applications in Microarrays in Organ Transplantation

Status: RECRUITING

Eligibility Criteria

Age: 18 years and over

This study is NOT accepting healthy

Healthy Volunteers: volunteers

Inclusion Criteria:

* All kidney transplant recipients ≥ 18 yrs of age undergoing a kidney biopsy for clinical indications, as determined by their physician or surgeon, will be eligible to enrol in the study.

Exclusion Criteria:

* Patients will be excluded from the study if they decline participation or are unable to give informed consent.

Conditions & Interventions

Conditions:

Validation Study of Molecular Diagnostic System, Development of Reporting System for Molecular Diagnosis, Incorporate Molecular Diagnosis Into Diagnostic Standards

Keywords:

global gene expression, molecular diagnostic classifiers

More Information

Contact(s): Philip F Halloran, MD PhD - phallora@ualberta.ca

Principal Investigator:

Phase:

IRB

Number:

System ID: NCT01299168
