

# PANTHER Study of Terumo Aortic Knitted and Woven Grafts, and Cardiovascular Patches

**Status:** RECRUITING

## Eligibility Criteria

**Age:** 18 years and over

This study is NOT accepting healthy

**Healthy Volunteers:** volunteers

### Inclusion Criteria:

\* Patients must meet all of the following inclusion criteria in order to be eligible for inclusion in the study: All Patients: \* Patient meets the minimum age as per local regulations at time of consent \* Patient requires treatment with study device(s) according to the IFU(s) \* Patient is willing and able to comply with all SOC procedures and study visits \* Patient or their legally authorised representative (LAR) has given written informed consent to participate in study, including consent to collect data retrospectively \* For prospective emergency patients, retrospective consent is permissible \* For retrospective patients who are deceased at time of enrollment, local EC regulations relating to consent process should be followed. Retrospective Patients only: \* Patient has a minimum of 1 year post-operative follow-up data available, or complete data to death. \* Patient implant date is no more than 5 years prior to study start date.

### Exclusion Criteria:

\* Any patient who meets any of the following exclusion criteria will be excluded from participation in the study: \* Patient is unable or unwilling to comply with the SOC procedures or follow-up regime \* Patient is contraindicated per the device IFU \* Patient has any other medical, social or psychological problems that in the opinion of the investigator preclude them from receiving this treatment and the procedures and evaluations pre- and post-procedure

## Conditions & Interventions

### Interventions:

DEVICE: Gelsoft Plus Vascular Graft, DEVICE: Vascular Bypass Graft, DEVICE: Cardiovascular Patch, DEVICE: Gelweave Vascular Graft, DEVICE: Gelweave Valsalva Vascular Graft

### Conditions:

Aneurysm, Dissection, Aortic Root Aneurysm, Aortic Root Dissection, Carotid Artery Injuries, Aortic Arch, Bypass Extremity Graft, Occlusive Vascular Disease, Aortic Diseases

### Keywords:

Vascular Surgery
