

Targeting Trimethylamine N-Oxide for Cardiovascular Health In Liver Transplant Recipients

Status: RECRUITING

Eligibility Criteria

Age: 18 years and over

This study is NOT accepting healthy

Healthy Volunteers: volunteers

Inclusion Criteria:

* Aged > 18 years * Speak and understand English * Have received and LT

Exclusion Criteria:

* Acute cellular or chronic rejection within 3 months * Post-LT liver or non-liver related malignancy * Active viral hepatitis (B or C) or autoimmune hepatitis * Untreated biliary strictures or vascular complications (e.g. hepatic artery thrombosis) * Poorly controlled diabetes (HbA1c >8.5%) * Relapse of alcohol use after LT * Follow a vegetarian or vegan diet * Current pregnancy * Unable to provide informed consent

Conditions & Interventions

Interventions:

OTHER: Experimental: EVOO

Conditions:

Liver Transplant
