

Health Education Approach to Lung Screening

Status: RECRUITING

Eligibility Criteria

Age: 50 years to 80 years old

This study is also accepting healthy

Healthy Volunteers: volunteers

Inclusion Criteria:

* Meets current USPSTF guidelines for lung cancer screening (LCS) * 20 pack-year smoking history Note: A pack-year is a way of calculating how much a person has smoked in their lifetime. One pack-year is the equivalent of smoking an average of 20 cigarettes-1 pack-per day for a year. * Currently smokes or has quit smoking within the past 15 years * Identifies as Black or African-American Note: Both Hispanic/Latino and Non-Hispanic/Latino patients are eligible as long as they also identify as Black or African-American (eg, Afro-Latino). * Willing to complete all navigation-related study activities * Able to understand and the willingness to sign a written informed consent document

Exclusion Criteria:

A patient who meets any of the following exclusion criteria is ineligible to participate in the study: * Known history of cancer (except squamous cell skin cancer), or coughing up blood in the past 5 years, as reported by the individual * Has undergone a previous lung cancer screening * Inability to speak English * Medical, psychological, or social condition that, in the opinion of the investigator, may increase the patient's risk or limit the patient's adherence with study requirements

Conditions & Interventions

Interventions:

BEHAVIORAL: Patient Navigation

Conditions:

Lung Cancer

Keywords:

Lung cancer, Screening
